If a dispute arises between the parties concerning any terms or conditions of this Charter, the following procedures shall be utilized to resolve the dispute: Step One: Meeting between Administrator/Chief Elected Official and Fire Chief of each participating municipality. Step Two: Mediation. Step Three: Arbitration
2. In the event that Mediation occurs, the parties shall mutually agree upon a Mediator. In the event that arbitration occurs, the arbitration shall result in a

hearing before a panel of three individuals, which shall include one arbitrator or independent hearing officer selected by each party and one individual selected by mutual agreement of the parties. Any decision by the arbitration panel shall be legally binding and final. The parties shall split equally the total cost of the arbitrators and each party shall bear their own costs incurred during the dispute resolution process.

## **XI. WITHDRAWAL FROM DISTRICT.**

1. Each new municipality added as a charter member pledges to participate in the District for a minimum of five years. The procedure for withdrawal and distribution of assets shall be accomplished as follows:
  - a. Withdrawal from the District is permitted at the end of any calendar year (provided that the initial membership period has past) providing that such withdrawing municipality gives at least nine (9) months written notice to the other participating municipalities, the Joint Fire Commission, and the Joint Finance Committee.
  - b. Whatever equipment the withdrawing municipality gave to the District shall be returned and any equipment purchased by the District while the withdrawing municipality was a member of the District shall be appraised and/or sold at the discretion of the District and the withdrawing municipality shall receive the percentage of the value and/or net proceeds from the sale based on the percentage the withdrawing municipality contributed to the overall District budget during its final budget year.
2. In consideration that the Town of Weston did not bring in any equipment or assets into the District, the Town agrees that it shall not participate in any financial benefit resulting from their withdrawal from the S.A.F.E.R. District until its initial membership commitment period of five years has past.
3. In the event that the Village of Weston exercises its previously vested rights to withdraw from the District, the Town of Rib Mountain agrees to release the Town of Weston from District charter membership as well, in consideration of the difficulty in providing the Town of Weston fire/ems services, geographically, from the Town of Rib Mountain.

## **XII. DISSOLUTION OF DISTRICT.**

1. The District may be dissolved by a unanimous vote of the Joint Finance Committee, prepared in the form of an agendized resolution, at a publically noticed meeting of the Joint Finance Committee.
2. Following a successful resolution for dissolution, a Notice of Intent for Dissolution shall be given to the charter members as well as those receiving services under contract, at least nine months before the end of any calendar year. A dissolution resolution shall be effective at the end of the calendar year.
3. Upon the dissolution of the District, all equipment and property shall be returned to the originating charter member. All equipment purchased by the District shall be sold and the net proceeds shall be distributed to each municipality based on each municipality's percentage of the total payments made to the District over the duration of the existence of the District.
4. In consideration that the Town of Weston did not bring in any equipment or assets into the District, the Town of Weston agrees that it shall not participate in any financial proceeds resulting from the dissolution of the District until its initial membership commitment period of five years has past.

### **XIII. MISCELLANEOUS PROVISIONS.**

1. Amendments. No modification, alteration, or amendment to this Agreement shall be binding upon any Municipality until such modification, alteration, or amendment is reduced to writing and duly executed by each Municipality's board or council.
2. Governing Law. The laws of the State of Wisconsin shall govern this Agreement.
3. Severability. If any part, term, or provision of this Agreement is held by a court of competent jurisdiction to be illegal or otherwise unenforceable, such illegality or unenforceability shall not affect the validity of any other part, term, or provision and the rights of the parties will be construed as if the part, term, or provision was never part of this Agreement.
4. Assignment of Rights. No party to this Agreement may assign it rights or responsibilities under this Agreement without the prior written consent of the other parties hereto.

## **Purchase of the Fire Inspector Vehicle and Car-21 Replacement**

The Fire Inspector vehicle was budgeted and approved at \$25,000 for 2016.

The replacement of Car-21 was budgeted and approved at \$39,000 for 2016.

The total cost for both vehicles is \$64,000 for 2016.

After getting (3) bids for each vehicle, it became clear that the figure for the Inspector vehicle was low. We are opting for a full size truck for the inspector so that it has a potential dual purpose to haul supplies, put frozen gear into it from fire scenes and tow the fire safety house. The best bid that we received was for \$31,000.

We are opting for a Ford Explorer (police interceptor) for the replacement of Car-21. They are purpose built for police and fire department use. They also offer a substantial discount. This vehicle would cost \$30,000.

Total proposed project cost of: \$62,000

The proposal is to use the savings from the replacement of Car-21 to add to the increased cost of the Fire Inspector vehicle.

This does not include the trade in price of either the vehicle that our inspector is driving now or the trade in on the current Car-21. That would offset the cost of emergency lighting and lettering.

Actions:

Approve the project as listed

Reject the project for different options yet to be determined.

# FEMA Grant

SAFER is finishing up a grant to replace all (6) of the current ageing Defibs and add 5 hands free CPR devices. The Defibs come with a maintaince contract for 6 years so there would not be any additional maintance cost for SAFER. Hands free CPR devices alleviate the need for a care provider to be standing in the back of an ambulance while performing CPR. It also frees up that additional provider to perform other skills during a cardiac arrest call. We have three different Defib models currently at SAFER and this would provide for a single make and model Defib in all the ambulances.

The total project cost of this grant is approx. \$325,000 for all this equipment. There is a 10% match for this grant that SAFER would be required to cover for approx. \$33,000.

This was not taken into account during the budget process and we are requesting to continue with this project. The 10% match would be the equivalent of purchasing (1) Defib.

**Approx cost for Weston is \$21,450**

**Approx cost for Rib Mountain is \$11,550**

I did not remember to include that into the budget if we were awarded this grant. This is, however, a great project and would benefit SAFER for the next 10 years.

Actions:

Approve applying for the 2016 Fire Act Grant from FEMA.

Reject the application based on limited funding or other issues.
